

Model 1: normal Q-Q plots for the first three cosine coefficients

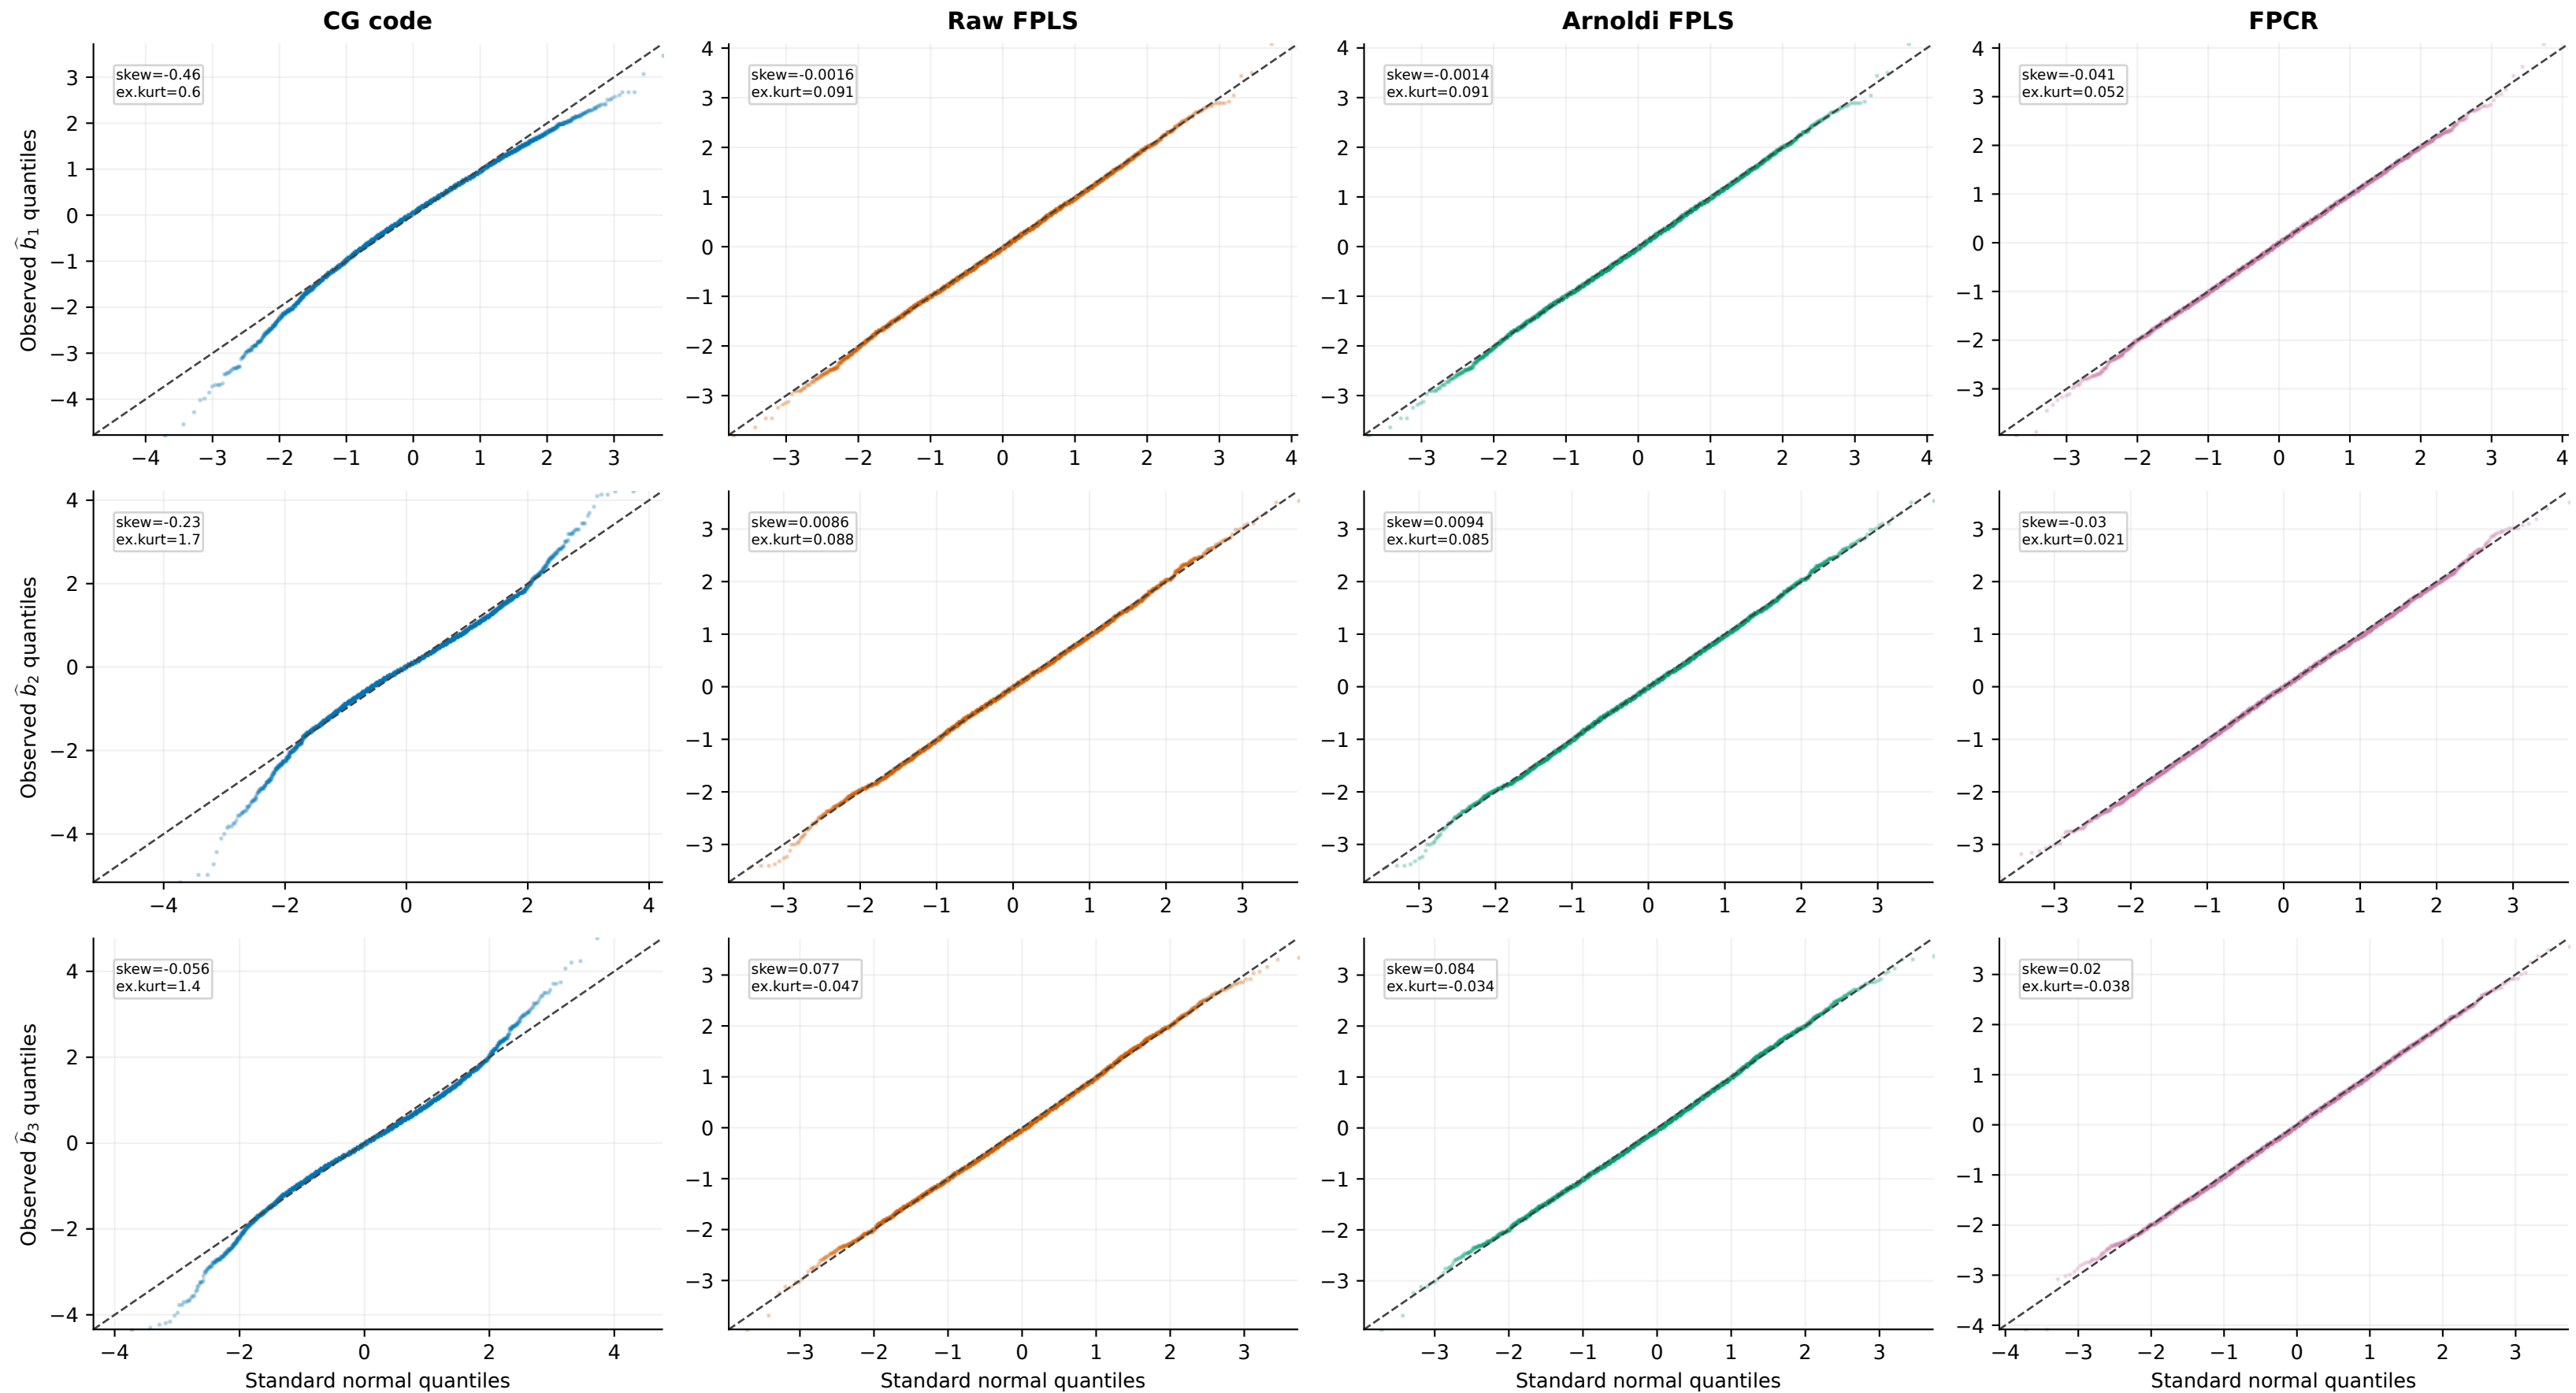

Raw-FPLS Q-Q panels use archived fits not flagged as numerically unstable.

Model 2: normal Q-Q plots for the first three cosine coefficients

Raw-FPLS Q-Q panels use archived fits not flagged as numerically unstable.

Model 3: normal Q-Q plots for the first three cosine coefficients

Raw-FPLS Q-Q panels use archived fits not flagged as numerically unstable.
